

WPTM Communicators

Invites you to the
Canada West Leadership Series with guest speaker
Mark McDougall,
Portfolio Director, Canada West, Worley

WPTM Communicators Toastmasters (<https://3513.toastmastersclubs.org/>), invites you to the Worley CANW Leadership series to hear guest speaker, **Mark McDougall, Portfolio Director, Worley**, discuss 'Energy Transition in our Personal Lives'.

Mark McDougall currently holds the position of Portfolio Director for Canada West located out of Worley's Calgary office. He is responsible for governance and stewardship of a select group of Projects and Portfolios within Canada West, as well as relationship management and business growth with a group of core customers.

Mark has over 20 years of experience in engineering and project management. He has worked in two major industry areas: 10 years supporting safety and certification of fuel systems for alternative fueled cars, and 10 years in the Midstream sector of Oil and Gas. His work has led to international travel (4 continents, 18 countries), as well as significant codes and standards development work.

Mark is passionate about both energy transition, specifically hydrogen, as well as pipeline systems. These two passion areas have now intersected in the Energy Transition space within the Oil & Gas industry. He has written and presented 10 papers at technical conferences, was involved in several World Firsts in hydrogen vehicle fueling and is currently the Chair of the American Society of Mechanical Engineers (ASME) Pipeline Systems Division.

Mark studied Mechanical Engineering at the University of British Columbia, graduating with Distinction in the ThermoFluids option program. He subsequently received his Project Management Professional designation through Mount Royal College.

After hearing from **guest speaker, Mark McDougall**, members and guests will enjoy a regular Toastmasters meeting that will include Table Topics™ (impromptu speeches) and evaluations.
